

Don't let **Asian longhorned beetles** or other invasive pests get you down...

The Massachusetts Department of Agricultural Resources will **teach you how to train others** to recognize signs of the Asian longhorned beetle and other non-native insects.

Sign up now to send a representative from your tree care company, garden club, or conservation group to a **FREE** training session. Then train your members and coworkers, or go out and train the world!

Join the Beetle Brigade:

- Call 617-626-1735
- Email jennifer.forman-orth@state.ma.us
- Visit <http://massnrc.org/pests/alb> for more information

ASIAN LONGHORNED BEETLE * ‡

* Shown larger than actual size

‡ Will eat your trees
